

TESTIMONIALS

TESTIMONIALS

"FASTLIGN has been great!! We have tripled the amount of alignments in the first couple of months and continue to grow!! The system has proved reliable and accurate and the support is amazing. We are currently putting more FASTLIGN systems in many more Hendrick locations. Couldn't be happier!!"

- Jonathan Lockwood, Service Manager
Hendrick GMC, Duluth, GA

"FASTLIGN is a central part of our drive lane and service dept. Before FASTLIGN we were averaging about 25 alignments per month and we quickly went to 150 per month. FASTLIGN is the best decision I ever made regarding service equipment."

- Jack Atkins, Service Director
Bob Stall Chevrolet, La Mesa, CA

"Since installing FASTLIGN alignment sales have more than doubled, making FASTLIGN a major component in all of our service lane areas and has paid for itself within 6 months! Our customers now ask for their report, giving them peace of mind every time they come in for service. FASTLIGN is one of the best investments I have made for both our Customers and Service Advisors and their service is beyond our expectations. I can't understand why any dealership wouldn't want FASTLIGN!"

- Adam Hedderson VP., Fixed Operations
Phaeton Automotive Group
Richmond Hill Toyota, Richmond Hyundai,
Thornhill Hyundai, Richmond Hill, Ontario, CAN

"Before we started using FASTLIGN we were doing less than 50 alignments per month. Recently we've been averaging more than 150 per month and our customers really appreciate the extra service that we're able to provide to them quickly and easily."

- Jeremy Young, Service Manager
Temecula Nissan, Temecula, CA
